IGNITIONS AND ELECTRICAL › IGNITION COMPONENTS › IGNITION COIL WIRES

COIL WIRE

Spiral Core · 11.5 mm · Sleeved · 9 in Long · Black · HEI Style Terminal

PART NUMBER
QRP40-093

OVERVIEW

QuickCar Spiral Core Sleeved Coil Wires are built to deliver dependable ignition energy while protecting the wire and surrounding electronics in demanding racing and performance environments. Low-resistance spiral-core construction promotes efficient energy transfer from the ignition coil while helping suppress EMI and RFI electrical interference that can disrupt sensitive ignition controls and other onboard electronics. Heavy-duty insulation and protective sleeving help shield the wire from extreme underhood heat and physical damage, while high-temperature boots protect critical connection points near hot engine and ignition components.

Designed for high-performance electrical systems where heat, vibration, and electrical interference can compromise ordinary wiring, QuickCar Coil Wires provide a durable, well-protected path for getting ignition energy where it needs to go.

SPECIFICATIONS

Color	**Black**
Terminal Style	**HEI**
Style	**Spiral Core / Sleeved**
Cable Length	**9 Inch**
Sold As	**Each**

SHIPPING & PACKAGING

Package	**11 × 8.05 × 0.8 in**
Ship Weight	**0.26 lb**
Country of Origin	**USA**
Vehicle Type	**Car**
