WIRING KIT

Ignition / Battery · Battery Cable / Battery Disconnect / Solenoid / Switch Panel / Terminals · 4 Gauge

PART NUMBER
QRP50-835

OVERVIEW

QuickCar Wiring Kits gather everything a car needs to be wired properly into one box, so nothing is missed and nothing has to be sourced twice. Fine-stranded rope-lay copper carries current better than ordinary cable, and the insulation is rated past 220 Degree F to survive the heat and fluids of a race car. This kit is built around 4 gauge battery cable and the 50-802 switch panel, with the wiring harness, battery switch, starter solenoid, and cable clamps included.
