IGNITIONS AND ELECTRICAL › IGNITION COMPONENTS › IGNITION COIL WIRES

# COIL WIRE

Spiral Core · 11.5 mm · Sleeved · 24 in Long · Black · HEI Style Terminal

PART NUMBER
**QRP40-243**

## OVERVIEW

QuickCar Spiral Core Sleeved Coil Wires are built to deliver dependable ignition energy while protecting the wire and surrounding electronics in demanding racing and performance environments. Low-resistance spiral-core construction promotes efficient energy transfer from the ignition coil while helping suppress EMI and RFI electrical interference that can disrupt sensitive ignition controls and other onboard electronics. Heavy-duty insulation and protective sleeving help shield the wire from extreme underhood heat and physical damage, while high-temperature boots protect critical connection points near hot engine and ignition components.

Designed for high-performance electrical systems where heat, vibration, and electrical interference can compromise ordinary wiring, QuickCar Coil Wires provide a durable, well-protected path for getting ignition energy where it needs to go.

## SPECIFICATIONS

| | |
|---|---|
| Color | **Black** |
| Terminal Style | **HEI** |
| Style | **Spiral Core / Sleeved** |
| Cable Length | **24 Inch** |
| Sold As | **Each** |

## SHIPPING & PACKAGING

| | |
|---|---|
| Package | **11 × 8.05 × 1.4 in** |
| Ship Weight | **0.4 lb** |
| Country of Origin | **USA** |
| Vehicle Type | **Car** |
