

IGNITIONS AND ELECTRICAL > IGNITION COMPONENTS > IGNITION COIL WIRES

COIL WIRE

Spiral Core · 11.5 mm · Sleeved · 60 in Long · Red · HEI / Socket Style

PART NUMBER
QRP40-605

OVERVIEW

QuickCar Spiral Core Sleeved Coil Wires are built to deliver dependable ignition energy while protecting the wire and surrounding electronics in demanding racing and performance environments. Low-resistance spiral-core construction promotes efficient energy transfer from the ignition coil while helping suppress EMI and RFI electrical interference that can disrupt sensitive ignition controls and other onboard electronics. Heavy-duty insulation and protective sleeving help shield the wire from extreme underhood heat and physical damage, while high-temperature boots protect critical connection points near hot engine and ignition components.

Designed for high-performance electrical systems where heat, vibration, and electrical interference can compromise ordinary wiring, QuickCar Coil Wires provide a durable, well-protected path for getting ignition energy where it needs to go.

SPECIFICATIONS

Color	Red
Terminal Style	HEI / Socket
Style	Spiral Core / Sleeved
Cable Length	60 Inch
Sold As	Each

SHIPPING & PACKAGING

Package	11.05 × 8 × 1.6 in
Ship Weight	0.69 lb
Country of Origin	USA
Vehicle Type	Car
