INFORMATION STICKER

Switch Panel · 16 Various Functions · 6 or More Switches · Quickcar Switch Panel

PART NUMBER
QRP50-003

OVERVIEW

A row of unmarked toggle switches is a guessing game at speed. QuickCar Switch Panel Labels put a clear function beside every switch so the driver's hand finds the right one the first time, and the panel still looks professionally finished. This kit covers sixteen common accessory functions and is sized for QuickCar's larger switch panels, such as the 50-864, or for placing directly onto a dash.

Larger characters make it the easier of the two label sets to read at a glance.
