IGNITIONS AND ELECTRICAL › WIRING COMPONENTS › WIRING PIGTAILS

DISTRIBUTOR PIGTAIL

Power · HEI Style Distributors

PART NUMBER
QRP50-2009

OVERVIEW

Wiring an HEI distributor usually means building a lead from scratch and hoping the tach signal is picked up correctly. This pre-made harness removes the guesswork. The 4 Foot lead connects an HEI distributor to ignition switched power and to the tachometer signal wire, so both circuits land where they belong without splicing.

SPECIFICATIONS

Sold As	**Each**

SHIPPING & PACKAGING

Package	**6.75 × 6.05 × 1.2 in**
Ship Weight	**0.21 lb**
Country of Origin	**USA**
Vehicle Type	**Car**
