IGNITION WIRING HARNESS

Weatherpack · HEI Distributors / Quickcar Switch Panels

PART NUMBER
QRP50-2032

OVERVIEW

QuickCar Distributor Wiring Adapter provides a convenient way to connect a Crane or FAST distributor to a vehicle equipped with a WeatherPack-style distributor connection. Designed to accommodate distributors requiring an additional 12-volt power connection, the adapter eliminates the need to modify or rebuild the existing ignition harness when changing distributor configurations. Weather-resistant connectors with professionally crimped and soldered terminals help provide dependable electrical connections, while included power and ground leads simplify installation.

Designed for compatibility with most QuickCar Professional Performance Harnesses, this purpose-built adapter provides a clean, serviceable solution for integrating compatible Crane and FAST distributors into an existing racing ignition system.

SPECIFICATIONS

Terminal Style	**Weatherpack**
Sold As	**Each**

SHIPPING & PACKAGING

Package	**8.6 × 8.05 × 2.15 in**
Ship Weight	**0.6 lb**
Country of Origin	**USA**
Vehicle Type	**Car**
