CRANK TRIGGER EXTENSION

32 in Length · Chevy V8

PART NUMBER
QRP50-206

OVERVIEW

Reaching the crank trigger at the front of the engine usually means cutting into an existing harness. This extension avoids that entirely. One male and one female Weatherpack connector let it drop straight into the circuit, extending common purple and green trigger wires by roughly 2-1/2 Foot with no cutting or splicing.

SPECIFICATIONS

Size	**30 Inch Long**
Gender	**Male/Female**
Sold As	**Each**

SHIPPING & PACKAGING

Package	**6.35 × 6.1 × 1 in**
Ship Weight	**0.14 lb**
Country of Origin	**USA**
Vehicle Type	**Car**
