WEATHER PACK CABLE SEAL

24-18 Gauge Wire · Red · Set of 20

PART NUMBER
QRP50-304-20

OVERVIEW

Weatherpack connectors only stay weatherproof if the cable seal matches the wire passing through it. Using the correct seal keeps moisture, track dirt, and washdown spray out of the connection, which is where most intermittent electrical faults on a race car begin. Red Weatherpack cable seals suit 24 to 18 AWG wire used in GM Weather Pack connectors and are sold in packs of 20.

SPECIFICATIONS

Color	**Red**
Gauge	**24-18 Gauge**
Sold As	**Set of 20**

SHIPPING & PACKAGING

Package	**3 × 2 × 0.5 in**
Ship Weight	**0.02 lb**
Country of Origin	**USA**
Vehicle Type	**Car**
