IGNITION BOX BRACKET

Quick Release · Aluminum · Mounts MSD Ignition Boxes

PART NUMBER
QRP50-442

OVERVIEW

An ignition box bolted up with whatever hardware was on the bench costs real time when it has to come off in the pits. QuickCar mounting plates give the box a dedicated, repeatable home on any flat surface. This raised platform plate suits MSD 6000-series ignition systems and includes Dzus quick fasteners, so a failed box can be swapped in minutes rather than unbolted piece by piece.

SPECIFICATIONS

Sold As	**Kit**

SHIPPING & PACKAGING

Package	**10 × 6.05 × 1.4 in**
Ship Weight	**0.29 lb**
Country of Origin	**USA**
Vehicle Type	**Car**
