OVERVIEW

QuickCar Clipboards provide a durable, convenient writing surface for recording lap times, chassis settings, qualifying results, race notes, and other important information at the track or in the shop. Designed with racing environments in mind, they give crew members a stable surface for keeping notes and recording vehicle performance when a desk or workbench isn't available. Their easy-to-hold design makes them practical for use in the pits, staging lanes, trackside, or anywhere information needs to be recorded on the move.

Ideal for use with QuickCar lap charts, setup sheets, checklists, and other racing forms, QuickCar Clipboards help keep important race-day information organized and readily accessible.
