TIRE PRESSURE GAUGE

Glow in the Dark · 0-60 psi · Analog · 2-1/2 in Diameter · White Face · 1 lb Increments

PART NUMBER
QRP56-062

OVERVIEW

Tire pressure decides how the car turns, and a gauge that reads a half pound off will chase a crew all night. QuickCar Tire Gauges pair a large 2-1/2 Inch face with a 14 Inch hose, 45 Degree swivel chuck, relief valve, and hose strain reliefs, so pressures are set accurately and bled precisely without wrestling the wheel. A shock resistant boot protects the movement from the drops that eventually happen.

Dry face with a glow in the dark dial, reading 0-60 PSI in 1 pound increments.

SPECIFICATIONS

Application	**Tire Pressure**
Diameter	**2-1/2 Inch**
PSI	**0-60 PSI**
Digital Or Analog	**Analog**
Sold As	**Kit**

SHIPPING & PACKAGING

Package	**15.65 × 10.6 × 1.7 in**
