TAPE MEASURE

10 ft Length · 0.25 in Width · Magnetic Back · Inch

PART NUMBER
QRP56-111

OVERVIEW

Stagger has to be measured accurately and it usually has to be measured alone. The hawk tip on this tape grabs the edge of virtually any surface so one person can take the reading. A magnetic back keeps it on the pit cart instead of on the ground.

Measures up to 10 Foot, sold individually on a retail card. Part 56-110 is the same tape supplied unpackaged.

Note: The difference between part numbers 56-111 and 56-110 is packaging. Part number 56-111 is heat-shrunk onto a card, while 56-110 comes in a bag.
