LEVEL

Smart Tool · Digital

PART NUMBER
QRP56-163

OVERVIEW

Chassis fabrication and driveline angles both come down to reading level and plumb accurately, and a bubble level held at arm's length under a car is not accurate. This digital level removes the squinting. It reads pitch in 1/8 Inch per Foot increments, beeps audibly at level and plumb, holds a reading at the push of a button, and shuts off automatically after six minutes to save the 9 volt battery.

It also suits trailing arms and suspension tubes when used with QuickCar Angle Level Trays.

SPECIFICATIONS

Size	**8 Inch Long**
Digital Or Analog	**Digital**
Sold As	**Kit**

SHIPPING & PACKAGING

Package	**7.9 × 6.15 × 4.9 in**
Ship Weight	**0.6 lb**
Country of Origin	**USA**
Vehicle Type	**Car**
