0-100 psi · Digital · 2-1/4 in Diameter · Black Face

PART NUMBER
QRP56-270

OVERVIEW

QuickCar Tire Inflators put the same trusted gauge head on an inflator kit, so a tire can be filled, checked, and bled from one tool on the end of the air line. Steel braided flexible hose, a 45 Degree chuck, and a brass relief valve come standard. This version carries a 0-100 PSI digital gauge in place of the analogue head.
