BATTERY TERMINAL

8 Gauge · 3/8 in Eyelet · Heat Shrink Included · Copper · Tin Plated · Set of 20

PART NUMBER
QRP57-572-20

OVERVIEW

A battery cable is only as good as the terminal on the end of it, and a crimp that corrodes will cost voltage everywhere downstream. QuickCar ring terminals are heavy-duty tin-plated copper and come complete with heat shrink, so the joint is sealed against moisture as soon as it is made. 3/8 Inch eyelet on an 8 gauge barrel, sold in packs of 20.
