BATTERY CABLE CONNECTOR

Bulkhead · 12V · 1-1/4 in Diameter Hole · 3/8-16 in Stud · Black

PART NUMBER
QRP57-700

OVERVIEW

Passing a 12 volt feed through a firewall is where a lot of good wiring jobs turn into a chafed cable and a short. A proper panel terminal makes it a sealed, mechanical connection on both sides of the panel. A black panel terminal with 3/8 Inch studs, designed for a 1.275 Inch mounting hole and supplied with all hardware needed for 3/8 Inch power ring terminals.

Sold individually.

SPECIFICATIONS
