BATTERY TERMINAL BRACKET

Remote · Flat · Aluminum · Black Anodized

PART NUMBER
QRP57-708

OVERVIEW

Charging posts bolted to a panel with hand-drilled holes rarely end up square, and crooked posts look exactly as rushed as they were. A purpose-made bracket fixes the geometry before anything is drilled. Machined aluminum with a durable black anodized finish, this flat style bracket mounts to a flat surface and carries the red and black 57-703 remote charging posts in two precut holes.

SPECIFICATIONS

Terminal Style	**Battery**
Material	**Aluminum**
Finish	**Black Anodized**
Sold As	**Each**

SHIPPING & PACKAGING
