TERMINAL BLOCK

12 Wire · Black

PART NUMBER
QRP57-802

OVERVIEW

Running every accessory back to the battery makes a wiring mess that nobody can trace six months later. A distribution post gathers those feeds in one place, on a glass-filled nylon base that insulates the current from whatever it is bolted to. A black 12 terminal busbar in glass-filled nylon, with each terminal rated to 15 amps continuous, a 1/4 Inch stainless steel terminal post, and twelve #8-32 stainless screws.

SPECIFICATIONS

Color	**Black**
Terminal Style	**Block**
Sold As	**Each**

SHIPPING & PACKAGING

Package	**7.05 × 4 × 1.2 in**
Ship Weight	**0.23 lb**
Country of Origin	**USA**
