TERMINAL BLOCK

12 Wire · Boot / Cover · Black

PART NUMBER

QRP57-8022

OVERVIEW

Running every accessory back to the battery makes a wiring mess that nobody can trace six months later. A distribution post gathers those feeds in one place, on a glass-filled nylon base that insulates the current from whatever it is bolted to. A black 12 terminal busbar with the same 15 amp per terminal rating, 1/4 Inch stainless post, and twelve #8-32 stainless screws, supplied with protective covers.

SPECIFICATIONS

Color	Black	Package	9.05 × 5 × 1.45 in
Terminal Style	Block	Ship Weight	0.3 lb
Sold As	Each	Country of Origin	USA
		Vehicle Type	Car
