IGNITIONS AND ELECTRICAL › WIRING COMPONENTS › ELECTRICAL JUNCTION BLOCKS

# JUNCTION BOX

Panel Mount · 8 Posts · Insulated · Plastic · Black

PART NUMBER
**QRP57-806**

## OVERVIEW

Running every accessory back to the battery makes a wiring mess that nobody can trace six months later. A distribution post gathers those feeds in one place, on a glass-filled nylon base that insulates the current from whatever it is bolted to. A black 8 terminal post with one large inlet accepting 5/16 Inch ring terminals and eight outlets accepting #8 rings, supplied with eight #8-32 stainless screws and locking washers throughout.
