JUNCTION BOX

Panel Mount · Single Post · Insulated · Plastic · Red

PART NUMBER
QRP57-807

OVERVIEW

Running every accessory back to the battery makes a wiring mess that nobody can trace six months later. A distribution post gathers those feeds in one place, on a glass-filled nylon base that insulates the current from whatever it is bolted to. A red single terminal junction rated to a maximum of 160 amps for joining two or more voltage cables, with two #10 mounting holes pre-formed in the base.

Mounting bolts are not included.

SPECIFICATIONS

Color	**Red**
Material	**Plastic**
Location	**Panel Mount**
Sold As	**Each**

SHIPPING & PACKAGING

Package	**7 × 4 × 2.25 in**
Ship Weight	**0.23 lb**
Country of Origin	**USA**
Vehicle Type	**Car**
