LED LIGHT BULB

Green · Quickcar Gauges / Warning Lights

PART NUMBER
QRP61-694

OVERVIEW

Gauge backlighting that is dim or the wrong color costs a driver a half second every time they check a reading. These LED bulbs drop into the backlighting of Legend QuickCar gauges, drawing less power than the originals while lighting the face more brightly, and they suit 16 Volt systems. Green, sold as a pair.

SPECIFICATIONS

Color	**Green**
Sold As	**Pair**
