

FITTINGS HOSES AND VALVES > HOSE, LINE AND TUBING > GAUGE LINE KITS

GAUGE LINE KIT

1/8 in OD · 6 ft Long · Fittings Included · Copper · Mechanical Pressure Gauges

PART NUMBER
QRP61-7101

OVERVIEW

Mechanical pressure gauges need a line run from the source to the gauge, and improvised tubing is where leaks and false readings start. QuickCar Mechanical Gauge Line Kits arrive with the tubing and every fitting the job requires, in a 1/8 Inch NPT configuration that suits standard mechanical gauges. This version uses copper tubing with brass ferrules.

SPECIFICATIONS

Material	Copper	Package	6.05 × 2.3 × 2.3 in
Sold As	Kit	Ship Weight	0.31 lb
		Country of Origin	USA
		Vehicle Type	Car
