FITTING

Adapter Tee · 1/8 in NPT Female x 1/8 in NPT Female x 1/8 in NPT Female · Brass · Natural

PART NUMBER
QRP61-721

OVERVIEW

QuickCar Pressure Switch Tee Fittings provide multiple connection points from a single pressure source, making it easier to install gauges, pressure switches, warning systems, and related instrumentation without requiring separate engine or fluid-system ports. The tee configuration allows pressure to be shared between connected monitoring components while keeping the installation compact and organized. Well suited for adding a pressure-activated warning light alongside an existing gauge or building a complete instrumentation system, QuickCar Tee Fittings provide a simple, reliable solution for connecting multiple pressure-monitoring components to the same source.

SPECIFICATIONS

Gender	**Female**
Thread Size	**1/8 Inch NPT**
Material	**Brass**
Sold As	**Each**

SHIPPING & PACKAGING

Package	**4.5 × 3.5 × 0.65 in**
Ship Weight	**0.1 lb**
Country of Origin	**USA**
Vehicle Type	**Car**
