

FITTINGS HOSES AND VALVES > FITTINGS AND PLUGS > AN-NPT FITTINGS AND COMPONENTS

FITTING

Gauge Adapter · 90 Degree · 4 AN Male to 1/8 in NPT Gauge Port · Aluminum · Black Anodized

PART NUMBER

QRP61-723

OVERVIEW

QuickCar Gauge Adapter Fittings provide a simple, reliable way to connect pressure gauges and gauge lines when the components use different fitting or thread configurations. By adapting between common gauge and fluid-line connections, these fittings help simplify pressure gauge installation while providing a clean, purpose-built connection within the monitoring system. Available configurations accommodate different installation and routing requirements, making it easier to position gauge lines where space, component location, or line direction can make a direct connection difficult.

Ideal for new gauge installations, plumbing changes, or replacement applications, QuickCar Gauge Adapter Fittings provide the connection needed to integrate pressure instrumentation cleanly into racing and performance vehicles.

SPECIFICATIONS

Gender	Male/Female
Thread Size	1/8 Inch NPT
AN Size	4 AN
Material	Aluminum
Finish	Black Anodized
Shape	90 Degree
Sold As	Each

SHIPPING & PACKAGING

Package	4.5 × 3.5 × 1 in
Ship Weight	0.04 lb
Country of Origin	USA
Vehicle Type	Car
