PRESSURE SWITCH

Electric · 3 psi On · 1/8 in NPT Male

PART NUMBER
QRP61-730

OVERVIEW

A gauge only helps if someone is looking at it, and in traffic nobody is. A warning light switch takes the watching out of the driver's hands entirely. This fuel and water pressure switch triggers a warning light when pressure drops below 4 PSI, with 1/8 Inch NPT threads.

SPECIFICATIONS

PSI	**3 PSI**
Style	**Electric**
Sold As	**Each**
