GAUGES AND ACCESSORIES › GAUGE COMPONENTS › FIREWALL JUNCTION

FIREWALL JUNCTION

1 Hole · 1/8 in NPT · Aluminum · Black

PART NUMBER
QRP63-121

OVERVIEW

Electronic gauges read through pressure transducers, and the professional way to plumb them is a junction block on the engine side of the firewall. That keeps fuel and oil out of the driver compartment while the transducers stay accessible for service. A junction with two large and one small hole and female 1/8 Inch NPT ports, adding an accessory wiring pass-through for temperature wires alongside the pressure ports.

SPECIFICATIONS

Gender	**Female**
Thread Size	**1/8 Inch NPT**
Color	**Black**
Material	**Aluminum**
Location	**Firewall**
Sold As	**Each**

SHIPPING & PACKAGING

Package	**7.05 × 4.05 × 0.85 in**
Ship Weight	**0.19 lb**
Country of Origin	**USA**
Vehicle Type	**Car**
