FITTING

Bulkhead · Straight · 4 AN Male to 1/8 in NPT Male · Aluminum · Black Anodized

PART NUMBER
QRP63-722

OVERVIEW

QuickCar Bulkhead Sender Fitting provides a secure connection for remotely mounting an electronic pressure sending unit away from the engine. Moving the sender to a remote location helps reduce its exposure to engine heat and vibration, conditions that can contribute to premature sender wear or failure in demanding racing applications. The bulkhead design provides a clean, secure mounting point through a panel or mounting surface while allowing the pressure line and sending unit to be connected as part of an organized gauge installation.

Designed for electronic pressure gauge systems, this purpose-built adapter helps protect the sending unit while creating a clean, serviceable connection between the engine's pressure source and the vehicle's instrumentation.

SPECIFICATIONS

Gender	**Male/Female**
Thread Size	**1/8 Inch NPT**
AN Size	**4 AN**
Material	**Aluminum**
Finish	**Black Anodized**
Shape	**Straight**
Sold As	**Each**

SHIPPING & PACKAGING

Package	**3 × 2 × 0.8 in**
Ship Weight	**0.04 lb**
Country of Origin	**USA**
Vehicle Type	**Car**
