LUG NUT SOCKET

Pit Socket · 1/2 in Drive · 2-1/4 in Long · Steel · Black Oxide · 1 in Lug Nuts

PART NUMBER
QRP64-078

OVERVIEW

Pit stop time is won and lost at the wheel, and a socket that will not stay on the nut costs more than any tenth found on track. These American made pit sockets are built for the abuse. A 2-1/4 Inch long steel socket with 1/2 Inch drive.

The shorter body runs more stably at high gun speed, making it the better choice for shallower offset wheels.
