AIR AND FUEL › CARBURETORS AND COMPONENTS › THROTTLE CONTROL KITS

THROTTLE STOP

Adjustable · Aluminum · Black Anodized · Holley 2-Barrel Carburetors

PART NUMBER
QRP64-158

OVERVIEW

A throttle that does not return fully is a safety issue and a tuning problem at the same time. A rigid stop gives the linkage a fixed, repeatable resting point. CNC-machined black anodized aluminum with an adjustable stop, designed for popular Holley two barrel carburetors.

SPECIFICATIONS

Material	**Aluminum**
Finish	**Black Anodized**
Sold As	**Kit**

SHIPPING & PACKAGING

Package	**9 × 5.5 × 1.65 in**
