FITTINGS HOSES AND VALVES › CLAMPS AND BRACKETS › HOSE SUPPORT BRACKETS

LINE CLAMP

Adel · 1 in ID · Rubber Lining · Steel · Set of 10

PART NUMBER
QRP66-860

OVERVIEW

QuickCar Adel Line Clamps provide a simple, professional way to securely route wiring, hoses, and fluid lines throughout racing, performance, and custom vehicles. By holding lines firmly in position along the chassis, firewall, or other mounting surfaces, these clamps help prevent unwanted movement, sagging, and contact with surrounding components that can lead to abrasion, damaged wiring, or compromised lines over time. Their compact design makes it easy to create clean, organized routing while providing consistent support at critical points throughout the vehicle.

Ideal for electrical harnesses, fuel and brake lines, hoses, and other routed components, QuickCar Adel Line Clamps help turn loose plumbing and wiring into a secure, serviceable installation built to withstand the vibration and movement of demanding automotive environments.

SPECIFICATIONS

Material	**Rubber / Steel**
Sold As	**Set of 10**

SHIPPING & PACKAGING

Package	**6.05 × 5.2 × 2.15 in**
Ship Weight	**0.62 lb**
Country of Origin	**USA**
Vehicle Type	**Car**

ALSO AVAILABLE IN THIS FAMILY (6 PART NUMBERS)

PART #	SHIP WT.
