ROLL BAR CLAMP REDUCER

1-3/4 to 1-5/8 · Aluminum · Natural

PART NUMBER
QRP66-908

OVERVIEW

QuickCar Roll Bar Clamp Reducers let an accessory built for one tube size mount on another, so a radio box, drink bottle holder, or bracket already in the trailer does not have to be replaced when chassis tubing changes. Machined from lightweight aluminum and sold in pairs, this reducer adapts 1-3/4 Inch tubing down to 1-1/2 Inch. It keeps existing hardware in service and adds almost nothing to overall chassis weight.

SPECIFICATIONS

Material	**Aluminum**
Sold As	**Pair**

SHIPPING & PACKAGING

Package	**3.05 × 2.15 × 0.65 in**
Ship Weight	**0.03 lb**
Country of Origin	**USA**
Vehicle Type	**Car**
