HELMET HOOK

Clamp-On · Aluminum · Black Anodized · 1-1/2 in OD Tube

PART NUMBER
QRP66-936

OVERVIEW

A helmet left loose in the cockpit becomes a projectile, and a helmet left on the ground gets stepped on. QuickCar Helmet Hooks give it a dedicated home by clamping directly to a roll bar, keeping the helmet off the floor and within easy reach between sessions. Machined from lightweight anodized aluminum, this hook clamps to 1-1/2 Inch outside diameter roll bar tubing and provides a secure anchor for the helmet strap.

It installs with no drilling or welding and is sold individually.

SPECIFICATIONS

Fits Tube Size	**1-1/2 Inch**
Material	**Aluminum**
Sold As	**Each**

SHIPPING & PACKAGING

Package	**7.1 × 4.05 × 0.3 in**
Ship Weight	**0.11 lb**
Country of Origin	**USA**
Vehicle Type	**Car**
