CHASSIS COMPONENTS › ROLL CAGES › ROLL BAR CLAMPS

SWITCH PANEL BRACKET

Clamp-On · Aluminum · Natural · 1-1/2 in OD Tube

PART NUMBER
QRP66-939

OVERVIEW

QuickCar Panel Mounting Brackets put a gauge or switch panel exactly where the driver wants it by clamping straight to a roll bar, with no fabrication needed. Extra bracket length can be trimmed to set the arm length, so panel height and reach are dialed in to the individual driver rather than to whatever the chassis happens to allow. Machined from high quality aluminum, this pair clamps to 1-1/2 Inch outside diameter roll bar tubing and will carry virtually any height switch or gauge panel.

Sold in pairs, brackets only.

SPECIFICATIONS

Fits Tube Size	**1-1/2 Inch**
Material	**Aluminum**
Sold As	**Pair**

SHIPPING & PACKAGING

Package	**11 × 8.05 × 0.5 in**
Ship Weight	**0.63 lb**
